Reciprocal Rights

Temuka Golf Club men and Geraldine Golf Club men have automatic reciprocal rights to play in each others mid week competition. The Geraldine Golf Club is on Wednesday afternoon and the Temuka Golf Club is on Thursday afternoon. There are no other automatic rights organised with any other club. However, other clubs may be granted rights to play on a one off occasion, this will be advised to the organiser of the competition of the day. Currently Pleasant Point Golf Club and Geraldine Golf Club members are granted rights on a case by case basis for specific occasions such as when their course is closed for a tournament or for maintenance. Temuka Golf Club has a similar arrangement with those clubs on the same basis if the need arises.

Guide to all Members

1. Players should move briskly between shots. When the last player has putted, move away from the green before filling in the score card.
2. Players losing one clear hole in front should let the following players through.
3. Replace all divots and heel in solidly. Where the divot cannot be replaced, heel in the divot mark from each side or carry a dirt bucket and fill in divots with dirt. Repair pitch marks on greens.
4. Watch flight of partner's drives and note where they finish.
5. Remain motionless and silent whilst others are preparing to hit.
6. Generally the player furthest from the flag plays first but a closer player may play first to prevent a delay and speed up play.
7. When attending the flag, keep your feet as far from the hole as possible and keep shadow away from hole and line of putt. Avoid walking on putt line of other players in your group.
8. Smooth out foot and divot marks in bunkers with rake provided.
9. Avoid pulling golf carts between bunkers/mounds and the green especially when conditions are wet.
10. Do not mark cards on the green, wait until you are on the next tee. Person with honour should tee off first before marking card.
11. Players with motorised bikes and carts should not go within 10m of any green and avoid any wet areas on the course.
12. Please keep your course tidy.
13. Users of motorised carts must comply with policies, procedures and instructions related to hire and use of carts on the course.

DRESS: Players are requested to maintain a reasonable standard of dress.

The trophy competitions take precedence over the competition of the day. Championship Finals to be played on designated finals day.

Jolly Potter Shootout: When there is a tie for the best monthly nett score the winner will be decided by a chip-off. This will also apply to replacements as below Qualifiers must play the final. If a qualifier is not available the person with next best score for that month will replace.

This programme is liable to alteration at the discretion of the Match Committee.

Members who have not paid subscriptions by the due date will lose playing rights and have handicap removed from board.

Types of Matches

Stroke - each player against the field, all strokes taken counted.

Medal or Nett - each player against the field, all strokes counted and handicap deducted.

Match Play - player v player, can be played as stroke or nett. A player wins a hole when they have less strokes or nett strokes than their opponent. The match is won when one player is more holes ahead than there are holes left to play.

Stableford - take your handicap allowance at the hole it occurs on the card from the strokes you have on that hole then score 1 point for a nett 1 over par, 2 points for a nett par, 3 points for a nett birdie (-1), 4 points for a nett eagle (-2), or 5 points for a nett albatross (-3).

Par - You must take your handicap allowance at the holes it occurs on the card. Take your handicap allowance from the strokes you have on the hole and mark a win for a nett birdie or better, a half for a nett par and a loss for a nett 1 over.

Bisque Par - You may take your handicap allowance where you please. You must nominate after holing out and before teeing off whether you wish to use 1 or more strokes. Nominate the handicap allowance you wish to use and take this from the strokes you have had on the hole and mark a win for a nett birdie or better, a half for a nett par and a loss for a nett 1 over.

Fourball Best Ball - played as pairs, best score of either two partners counts. Scoring can be stroke, nett, stableford or par.

Fourball Best Ball Match - played as pairs, best stoke or nett score of either two partners counts against best stroke or nett score of either opponents. Holes are won, halved or lost. The match is won when one pair is more holes ahead than there are holes left to play.

Foursomes - played in pairs, partners alternate with tee shots and then subsequent shots to hole out. Half combined handicap to be used.

Canadian Foursome - Both partners drive, then one drive is selected and played out with alternate shots. Half combined handicap to be used.

Greensome - Both partners play 2 shots then select one ball and play out with alternate shots. Half combined handicap to be used.

American Foursome - Both partners tee off, then they hit each others drive. One ball is selected for the 3rd shot and players hit alternate shots until holed out.

Ambrose - teams of 3 or 4. All players drive then select the ball for the 2nd shot. All players hit from that spot. This continues until holed out. There may be some restrictions in the format eg. maximum number of drives a player can have, order of play, player whose shot is taken cannot play next shot, combined handicap divided by 5, 6, 7 or 8, so check rules in place for each event.

Scramble - 2 man Ambrose. Both tee off, then select one ball and both hit from there again, this continues until holed out.

Medalford - each player will score a gross score and a stableford score for each hole. At the end of the round the player will calculate the nett score and total the stableford. The Medalford score is the net score less the stableford score, eg. 69 nett less 36 stableford ponts = 33 medalford. Lowest score wins.
